COMMENTS

01 Swordfish was slightly damaged by sharks. Collected anal spines and gonads.

02 Took vertebrae sample and gonads from blue shark. I removed a yellow plastic tag from the base of the dorsal fin.

#03 Atlantic Sturgeon was tagged along the dorsal midline; blue tag from Fish and Wildlife, PO Box 23, Sudbury MA 01651; left on. Released in good condition.

#05 Could only get one measurement from porbeagle shark - not enough time to fully sample.
